Council Holds Up Action on Sunset House Purchase

Decide to "Let the People Have a Say" in Proposal to Buy Uncompleted Building for Use as a City Hall and Civic Center

City council virtually turned down a chance to buy Sunset House this week for \$75,000 for use as a city hall. Plans had been drawn by city engineers for a total outlay of \$250,000 for nearly a half block area at the North Palm Canyon drive and Via Lola northwest intersection for development of a complete new civic center.

City council voted unanimously to inform Bisco and associates, Sunset house owners, that the city was "not in a position to exercise its option at this time." The option on the Sunset house portion of the property was due to run out yesterday.

MOST COUNCILMEN felt that the people should be given a chance to voice their views in the matter and talked of scheduling a public hearing in two weeks, although no date was set. Feeling was that the city could have had a two-week extension on the option for the asking but several council members thought it would be unfair to other prospective buyers who were awaiting the city's decision.

SUNSET HOUSE, an incomplete hotel building at Via Lola and North Palm Canyon drive, was first begun in March, 1946 and has since then more than \$300,000 has been spent on the project. Ownership has passed through several hands and court abatement proceedings have added to the legal hassle. Present owners are Bisco and associates.

Master plan for the city hall was to buy the Sunset house property; this property runs from North Palm Canyon drive to Camino del Corto on Via Lola, 290 feet, and has a depth of 136 feet. The city would also buy land immediately north in the same block, running the entire 290-foot width and 185 feet deep, giving the entire property a depth of 316 feet. All of the latter space, owned by Frank J. Gardner would be purchased for \$50,000 and Sunset house and land for \$75,000. Cost of remodeling Sunset house and adding judges and council chambers would amount to another \$125,000. This includes converting the Gardner property to a 132-car parking lot.

PLANNERS figure the entire sum could be paid off by April 15, 1953, using monies from capital outlay fund, Demuth Memorial fund and Demuth Memorial fund trust deeds. Cost of the project would be \$124.00 per square foot.

Said Councilman Florian Boyd on the question of purchase, "We see SUNSET, Page 7"

John A. Connors First President of Local Kiwanis

John A. Connors was elected first president of the newly organized Palm Springs Kiwanis club at a well attended dinner meeting at Desert Inn Tuesday night. Tom Holland, prime mover in organization of a Kiwanis club here was elected vice-president and Gerald Mitchell, treasurer. At a meeting after installation of officers, Mitchell was also appointed secretary.

Named on the board of directors for club were Al E. Hoover, Rex Hardy, Claire Kinne, Frank Miller, John Munholland, Father Michael O'Connor and Jere Weber.

THE OFFICERS were elected by a unanimous vote following report of the nominating committee consisting of Stephen Burke, Tom Holland and John Munholland.

A representative group of Villagers met for the dinner session to hear Dr. I. L. Furness of San Diego, former lieutenant governor, explain the principals of Kiwanis International and to hear Carl Barkow of Banning, lieutenant-governor of division six of the California-Nevada-Hawaii district and Bob Wilson, Banning club president, outline the workings of the club.

BANNING KIWANIANS were out in force for the session, sending down a large delegation. The Banning club is sponsoring the local club.

Details of organization were explained by Dr. Furness, initiation fees and dues were set, the limits of the club established while the nominating committee was out.

Thanks was voted the local Rotary and Lions clubs for aid extended.

Following election of the officers, they were inducted into office.

Palm Springs Plan Backed by Chambers

County Association Nears Completion as Result Action

Proposed Riverside county Association of Chambers of Commerce was a step nearer today as the proposal of Palm Springs Chamber of Commerce, backed by other chambers in the Fourth Supervisorial district, that a larger representation be authorized was approved at a meeting of 19 chamber presidents at Banning Monday night.

Fred Ingram, president of the local Chamber of Commerce, represented this city at the session.

UNDER THE PLAN proposed by the Palm Springs Chamber, there will be 33 directors for the association, one each from the 28 chambers of commerce in the county and one from each supervisorial district. The latter five now constitute the board of directors of the county chambers of commerce.

Under the previously proposed by-laws, the chamber would have had 25 directors, four named by chambers in each district and five by supervisors. It was disagreement on this plan which caused the association to recess until April 10. Monday night's meeting was called by W. W. Watson of Hemet chamber to seek an agreement before next week's meeting.

CHANGES agreed upon Monday night will be submitted to all 28 chambers at a meeting Tuesday.

Changing the representation to one director for each chamber regardless of district won 13 to 3 approval.

Retention of the five-man County Chamber board to serve on the association's board was given a unanimous vote.

A committee composed of William A. Wood of Riverside, Howard Diebel of Banning and Leslie G. Kelley of Cathedral City was authorized to draw up the by-laws amendments.

Anticlimax Just Engaged, They Land in Hospital

A vacationing couple from Los Angeles became betrothed Saturday night and received a rude engagement present Sunday morning.

Here for the foreign car road race, the couple smashed their tiny European-make auto into the rear of a heavy Oldsmobile near Palm Springs Depot.

Neal Thomas and Elizabeth Thomas (no relation) were treated at Community hospital for lacerations and released the next day.

Plan Rezoning of Sunrise at Ramon

City Planning commission said this week it will soon begin study of plans to rezone the intersection of Ramon road and Sunrise way for light business.

Planning Commissioner Charles Woodman said the corners might be rezoned to C-1 (light retail business). Present zoning is E-2 for the northeast and southeast corners (guest ranches) and R-3 for the other two corners (multiple dwelling units).

Council Gets Letter on Rental Policies

Harry Harper, secretary-director of the Desert Circus, asked city council in a letter this week to lower Polo Grounds rental rates for last week's police show and for other charitable events.

In the letter he criticized City Manager Russell Rink's statement last month that the Polo Grounds should be made eventually to pay its own way.

Action Asked on Widening of Indian Ave

Council Urged to Take Immediate Steps on Project

The problem of widening Indian avenue came to a head at Wednesday night's city council meeting.

Robert Ransom, local realtor speaking from the floor, said that "the group he represents" feels that the only way to obtain Indian land to widen the narrow, bottleneck street for the city is to condemn it and assume control.

Councilman William Veith, a veteran of three years in the local Indian office, said that an attempt should be first made to negotiate a voluntary release of the property on the part of the Indians.

City Manager Russell Rink said that the city has been working toward an amiable settlement for several months and that there is presently a Sacramento Indian office representative, Henry Harris, in Palm Springs to aid an agreement. He has been here several weeks and is expected to stay two or three more.

Ransom mentioned the name of one man from the group he said he was spokesman for, Reuben Fleet. He said Fleet has been kept informed of the local Indian situation by a Washington, D. C. monitor.

Clear it up Injured Employees of City Get Paid

City council wanted to clarify a point this week.

They're afraid some criticism will fall on the city for not providing proper compensation for employees injured on the job because of remarks made by Master of Ceremonies Leo Fields at the Palm Springs Police show Saturday night.

Fields said that one reason the show was being held was to provide support for officers injured on the job. Fields cited Officer Warren Hockenbary, injured in a traffic accident last week, as an example.

The council pointed out that any city employee hurt while on duty is entitled to full salary for a maximum of 90 days and all medical and hospital expenses are paid. Even after the 90-day period reduced payment continues.

Hockenbary will probably be back at work next week.

Back Soon Hockenbary Out of Splint Today

Police Officer Warren Hockenbary, victim of a traffic accident early last week, has had a brace removed from his sprained back this week and is expected to be released from Community hospital within a few days.

He was attempting to make a U-turn on his three-wheel motorcycle last Wednesday on Palm Canyon drive when he was struck from behind.

Damage to the vehicles was minor and the car driver was not cited.

Buying a Car? LOOK BEFORE YOU LEAP

Now is the time to be thinking about a better car for summer driving. But don't buy a used car blindly. Look around. . . . compare and consider the integrity of the seller. Palm Springs' new car dealers have an excellent selection of used cars—most of which were sold—and have been serviced regularly by them. Help yourself and your community by buying your used car from a Palm Springs dealer. Here's one example: 1950 Chevrolet Convertible. Power-glide. 6000 miles. Mist green. black top. Heater, radio, turn lights and many other accessories. See this car and the many others advertised.

Three Big Events Wind Up Circus Tomorrow

SHERIFF JONES WILL GET HIS MEN—Before departing for the east, Kangaroo Court Sheriff Bill Bassichis transferred his badge of authority to Villager Allan Jones who will serve as the arm of the law for the Kangaroo Court in this second part of Desert Circus Week. The popular singer has intimated the Court may descend with sudden swiftness about town Friday, warning malefactors to beware. (P.S.—He's particularly interested in well-heeled malefactors.)

IT'S GRAND MARSHAL LEO—Here to parade lovers of the West as well as his millions of radio, stage, screen and television fans, Leo Carrillo will serve as grand marshal of the 15th Desert Circus Parade Saturday afternoon. He is shown in the above picture with his host, Earl Coffman of the Desert Inn as he discussed plans for the spectacular two-hour parade.

Driver in Court April 13 Result Crosswalk Accident

Mrs. Tom Tieley is slated to be released from Community hospital this weekend while her daughter Colleen, suffering from a broken leg and probable concussion, will be confined for four to six more weeks.

Mother and daughter, wife and child of former councilman Tom Tieley, were struck by a motorist late Monday morning as they attempted to cross Palm Canyon drive at Andreas road. Driver of the car which hit the pedestrians, Martin Brown, unified school district elementary teacher, was cited by police for failing to yield right of way to pedestrians in a crosswalk. He will appear at city court next Friday at 10 a.m.

Mrs. Tieley's injuries were minor; she suffered several lacerations. Both were rushed to Community hospital by Wiefels ambulance.

Brown told officers at the scene that he didn't see the two pedestrians until it was too late to stop.

Police Officer Bill Hecht said he saw the accident from his motorcycle from about 100 feet north of the crosswalk in front of Village theater. "I first heard a scream," said Hecht, "then saw the car strike the two as they were in the crosswalk. Mrs. Tieley was thrown about 15 feet and the car came to rest on the little girl's left leg."

The car was traveling north on Palm Canyon drive while Hecht was driving south. Police carefully drew chalk diagrams in the street at the scene immediately after the injured had been removed.

Fire Chief Reports New Station Ready in Six Weeks

Palm Springs' gleaming new fire station, located at Ramon road and Sunrise way will be ready for occupancy in four to six weeks. Fire Chief William Leonosio announced this week. The installation, which will be valued at nearly \$100,000 when completed, still needs many fixtures, power lines, a cooling system, surfacing and landscaping. Material shortages held up work for a brief period. The professional fire crew at the station will consist of a captain and five men, four of whom have already been hired, and Leonosio. He is not ready to announce the name of the new fire captain but has narrowed the field to two or three candidates.

For the time being one truck from the downtown station will be moved to the new installation and a recently purchased pickup truck will be delivered soon.

California State Hotel Association to Convene Here

Palm Springs will play host next October 10 to 17 to the California State Hotel association, coming here for their annual convention. It was announced Wednesday by William C. Robinson, managing director and secretary of the organization, and Earl Coffman of the Desert Inn.

The Inn will be the headquarters for the sessions. Approximately 500 delegates are expected.

At the same time, Coffman said, the resort committee of the American Hotel association will convene here.

Coffman is vice chairman of the resort section of the national association and made his announcement after hearing from Clement Kennedy, chairman, of Swampscott, Mass.

Big Parade, 3-Ring Show, Dance Slated

Palm Springs 15th annual Desert Circus comes to an end tomorrow with an action-packed day featuring one of the biggest parades in its history, a genuine old-time three-ring circus at the Polo grounds tomorrow evening and a western dance at the Pavilion as the finale.

Led by the colorful Leo Carrillo as grand marshal, the two-mile long parade will leave the formation area near Torney General Hospital promptly at 2:30 p.m. At least two hours will be needed for the scores of entries to pass a given point. Termination point is Ramon road.

FIVE PUBLIC address locations have been set up by Parade Chairman Jimmy Cooper and his sub-chairman, Paul Grannis, along the route of march. These will be at Tamarisk road, at Frances Stevens School, Safeway Store, Desert Inn, and the judge's stand and grandstands in front of Bullocks Store. Spectators are urged to assemble at these points. Announcers, manning public address systems, will identify and describe the more than 125 entries as they pass by.

At the Bullocks Store location nearly 1000 bleacher seats will be set up, but spectators planning to occupy seats in them were advised by Chairman Cooper today to pick up tickets for the grandstands early at the downtown booth as the demand is heavy. Roger Williams has directed this part of the parade detail and will supervise the seating of the customers. Seats in the bleachers are not reserved except by sections.

THE SCRIPT for the public address system announcers will be prepared today by Anthony Burke, chairman of the 1950 Parade and an active figure in Desert Circuses for most of the 20 years past.

Burke also will head the group of judges who will award a grand assortment of trophies. These have been on display in the Bank of America during the past week after being marked by Trophy Chairman Harold West. Other judges are: Earl Cordrey, O. E. L. Graves and Roy Simmons.

An interesting event was added to the Circus schedule yesterday when plans were completed for a Circus Day Luncheon at the Tennis Club open to all Villagers.

SHOULD THE CITY BUY the unfinished Sunset House property and convert it into a city hall at a cost of \$250,000? This question was discussed at some length by the city council last Wednesday night after the city had been given an option to buy the unfinished building and land for \$75,000. Some effort was made to induce the council to take immediate action but the city fathers wisely decided to let the people be heard before coming to a decision. It was gratifying to see that Mayor Farrell and most of the council members were so considerate of the wishes of taxpayers and residents in so important a decision. Now it is up to the people to let their wishes in the matter be known. It is likely that a hearing on the subject will be held in the next two weeks.

Another subject of vital importance to the city—the widening of Indian avenue—was also discussed at the meeting and a decision reached that the city will demand immediate action. Proceedings have been held up by the city's inability to get the required consent of Indians holding allotments that front on Indian avenue. If forced to do so, the city can start condemnation proceedings.

AN ODD SET OF CIRCUMSTANCES were combined last week to bring Palm Springs front page publicity in many of the nation's largest daily newspapers. It all started with the fabulous costume party of Mr. and Mrs. Stewart Hopps at Rogers Ranch Club—an ideal setting for something sensational to happen. And it did. As everybody knows, Martha the lioness got loose. But one more element was needed to make the story big—and authentic. A picture. Inside of the tent was Gail Thompson taking pictures of the costumed guests; outside was a lioness on the loose—and the opportunity for a picture that every photographer dreams about. Like a hunter stalking his prey, Thompson emerged from the tent to meet Martha face to face—and get the picture that was carried on the Associated Press wirephoto service to every corner of the land. Even the Miami Herald carried it on the front page.

In these days when the newspapers are filled with war news, crime investigations and government controls, it was just the sort of a story editors were looking for to relieve their readers' daily news diet. It was about Palm Springs, and for a change it was GOOD. So, if the Chamber of Commerce has any medals to pass out, they should see to it that awards are made to Mr. and Mrs. Hopps and Gail Thompson.

Maybe they should send one to Martha, the lioness, too!

Band Concert in Center to Start Uniforms Fund

Palm Springs high school band will present a concert in The Center tomorrow as first movement in a campaign to purchase uniforms for the band. The concert will be played as a prelude to the Desert Circus Parade at 2:30 p.m.

The concert in The Center was arranged by John Connors of The Center corporation who is an ardent booster for the current effort to re-garb the school group. He has promised to start the fund-raising campaign off with a gift to be presented at the concert on Saturday. The public is invited to the concert which will last for about three quarters of an hour, Gustave Patzner, director, announced.

Need for the new uniforms was detailed by Patzner this week.

"At present we have 35 uniforms and 38 members in the band. Several students have been forced to hodge-podge outfits—some wearing a coat and non-uniform trousers, and vice versa. Obviously a band must have extra sizes since our students just don't automatically fit the sizes we have each year.

"The uniforms have become so shoddy and ill-fitting, I am ashamed to take the band to the various parades, contests and activities where they would like to go. I don't feel they are a credit to Palm Springs when they must march in uniforms of which they cannot help be ashamed," he said.

Civic Chorus to Present Concert Late Next Month

Palm Springs Civic Chorus has resumed its customary rehearsal schedule following its performance of the Messiah at Easter time. The group meets every Monday night at 7:30 at the North End School.

Harry J. Tomlinson, Jr., director of the chorus, has announced a concert to be given by the Chorus late in May. The chorus's two previous performances this year have been of the "Messiah," a major work; the concert in May will be made up of numerous smaller compositions.

The Civic Chorus is sponsored by the adult education department of the Palm Springs Unified School district, and is open to anyone who wishes to sing in such a group. There are no tryouts. Tomlinson believes that anyone with a real desire to sing can learn to do so, and that previous experience is not necessary.

Don't Forget! Boston's Plea

Waste disposal head A. H. Boston this week issued his annual plea to winter residents to not forget to notify his office when they leave the city for the summer. If they are being served by his department.

He warned that charges will continue for service until the department is notified to suspend operations.

Ontario Man Low on Freeway Lights

Bids for the lighting of the new freeway from Beaumont to Redlands were opened in Los Angeles last week with Paul Gardner of Ontario low bidder with an offer of \$19,225. The awards will be made at Sacramento later. The project includes nine lights at the junction just west of Beaumont and an illuminated directional sign there.

Former Villager Arrested by FBI

Marcellus Ramon Millsap, former manager of a local dude ranch, is in custody of the FBI in New York on a charge of interstate transportation of stolen money. He was arrested by the FBI on a charge of cashing a worthless check for \$250.

A champion broncho buster, he was performing at Madison Square Garden when arrested.

Palm Desert Sunbeams

By EDITH EDDY WARD

Rumor has it that the desert season is over shortly after Easter, but this week in Palm Desert proved that it is only a rumor after all, with reservations pouring in from all over the country, extending the season well into June.

Maintaining several suites at Firecliff Lodge for a week on a return visit are the Crookers and the Browns. Mr. and Mrs. Robert Crooker, from Bel-Air, arrived with their son, Jim Crooker, and his attractive wife, who have just returned from Hawaii on their honeymoon. Jim proved that he was the son of a highly successful Chevrolet dealer by selling a mammoth cab-over-engine truck at a cocktail party, to a person who has no use whatsoever for a cab-over-engine.

With the Crookers were the Tom Browns of Plymouth Avenue. The next day they attended a cabana party by the Shadow Mountain pool, then drove back to Los Angeles.

Fred and Joyce Talbot played host this week to several crates, courtesy of Bekins Storage and Brian Donlevy, who shipped his furniture to his Sun Lodge. Brian arrived later in the week with his pilot, Eddie Denault, and turned interior decorator with the help of the Talbots, finally getting his Lodge ready. Odds were 10 to one that there were was space in the Sun Lodge, but it turned out to be extra precaution on the part of Bekins that took up the extra space. A lodge-warming should be in the offing.

A last minute check of reservation lists came up with O. S. Weide of Constitutional Life Insurance, Mr. and Mrs. T. S. Murray from Indianapolis and Mr. Leslie Lumely of Pasadena. However, the shortest visit on record this week goes to Mr. Elton F. MacDonald of Detroit, who flew to the desert for 20 minutes to pay his respects to Mr. and Mrs. Robert Crooker, then hopped back into his plane and took off for New York. He earns his title as "The Great MacDonald."

High School Singers to Present Pirates of Penzance on Thursday

Palm Springs high school will present Gilbert and Sullivan's great comic opera "Pirates of Penzance" at the Plaza theater on the afternoon and evening of Thursday, April 12.

Tickets are now on sale and reservations are being made far in advance for this production promises to be a sell-out.

Heading the talented cast is lovely Anne Bluechel as Mabel, and clever baritone Don Brown as Frederic. Others in the cast include Bobby Brown as the Major-General, Leo Rojo as king of the pirates, Mary Jean Lennie as Ruth, and Rudy Salazar as Samuel.

This is the story of an orphan boy apprenticed to pirates rather than pilots. All his life he is the slave of duty, and as the thread of the story unfolds, it becomes more intriguing and delightful. The plot is enhanced by the lovely costumes and fine voices of the stars.

Miss Bluechel was the leading lady of an operetta produced at the school which she formerly attended and Brown had the male lead in Palm Springs high's production of Harmony Hall last year, also at the Plaza theater.

Palm Blaze Has Firemen up a Tree

Firemen nipped what might have become a chain reaction in the bud yesterday afternoon when they extinguished a minor blaze in one of Palm Canyon drive's highly inflammable palm trees.

The tree, located at 196 North Palm Canyon drive, was one rigged with lights but faulty wiring was not listed as cause of the fire. It was the firemen's old nemesis, a cigarette.

The blaze, which might have spread to neighboring trees with striking rapidity, was extinguished with but minor damage to its fronds.

By JIMMIE REESER

Members of the Youth Center went to a free movie last Thursday night. They had a choice of either the Palm Springs or Plaza theater's through the courtesy of Earle Strebe.

Tonight the Youth Center softball team is again playing the Compton Cuties. We played this team during last summer's softball activities, we have forgotten the score but that wasn't important anyway. What is important is the fact that the game will be chuck full of laughs and giggles. The Compton Cuties being a team of men who dress like women in the latest of Paris fashions, play a serious softball game during parts of the game but cut loose with their clownish antics at every unexpected moment, providing a continuous round of laughter.

Charge for adults is 50 cents and for teen-agers and under it's 25 cents.

A float is to be in the coming parade from the Rec. The details of this float is not known but it is known that members of the Rec are to be on the float.

Star-Studded Police Show Lures 4000

Top Artists Put on Great Show to Aid Association

"Palm Springs and Hollywood went to bat for us last Saturday night," said Palm Springs Police association President Bob White this week. "Our second annual Police show exceeded last year's successful event by more than a 1000 people and altogether about 4000 saw the show in the Polo Grounds rodeo arena."

The parade of stars at last week's show was an impressive one.

DINAH SHORE, appearing in a filmy white gown, sang several hit tunes including "If" and "The Tennessee Waltz." Gordon MacRae also sang several popular numbers for an appreciative audience and threw in several comic impersonations for good measure.

George Jessell told a lengthy story about a man who managed to "get into the act" at the Roxy and Mayor Charley Farrell did his best with a trumpet borrowed from Les Brown's brass section.

Dick Haymes and Allan Jones also sang for the nearly full house under the stars. Jones capped his performance with a rendition of his famous "Donkey Serenade."

BOB HOPE concluded the show with an "off the cuff" comedy routine and even he sang, using his own lyrics. Backing up the performers throughout the show was Les Brown's band and its vocal talent.

"Judge" Leo Fields emceed the annual affair and told of the police association cause for which funds collected would be used. President White and Chief of Police August Kettmann also appeared briefly.

"YES," said White, the show wouldn't have been possible without the donated talent of these wonderful stars. And we received support from several local organizations, too. The Chamber of Commerce and newspapers helped us let as many people as possible know about the star-studded event and members of the department themselves pitched in and did a job of ticket selling, arranging the rodeo field and helping to make spectators comfortable."

Cash, which the association realized from the attraction will go into its treasury for insurance benefits, work on a police range, a police library and other aids for the group.

Social Security Amendments Aid Families of Vets

Since the Social Security Act amendments of 1950 were passed, claim receipts of the San Bernardino field office of the Social Security Administration have increased approximately 165%, according to J.C. Hollister, manager. This has been due in part, to the protection provided in the new law for veterans of World War II or to their survivors if the veteran is deceased.

The amendments provide old-age and survivors insurance wage credits at the rate of \$160 per month for each month of military service in World War II just as though the veteran had been working on a job covered by the Social Security Act. "The change in the law allowing these wage credits may now make a deceased veteran fully insured and permit us to make payments to his widow, children or dependent parents," Mr. Hollister said, "or may permit us to increase benefits they are already receiving."

The 1950 Social Security Act amendments do not in any instance affect the insured status of persons who died before Sept. 1, 1950, unless the deceased was a veteran of World War II, and only then where the deceased was survived by a widow, child or dependent parent who would become entitled to monthly benefits. There are no steps that a living veteran needs to take at this time. Credits for World War II will be given on the social security account at the time the veteran reaches age 65 and retires, or at the time his survivors apply for benefits. Survivors of deceased veterans should contact the San Bernardino social security office located at 1120 "E" street, to find out whether they may be eligible for benefits.

Too Much as Bad as Not Enough

You can water a tree too much.

That's what city maintenance men found out this week. The case holds true for recently transplanted palm trees, at least.

Officials reported that at least six recently installed North End park trees have slammed to the turf because the ground around their inadequate roots was loosened by too much watering.

Total Tax Rate Per Capita May Hit \$727 in '51

Riverside county's share of the proposed \$1,016,000,000 budget for the state of California is \$18,507,271—or \$110.23 per capita for each of the 167,900 people in the county, California Taxpayers' association said today.

This is only one part of the total tax bill which the people of the county will be required to pay this coming year, the Taxpayers' association pointed out.

Federal taxes to finance the \$71.6 billion budget now before congress will average about \$543 per capita for Californians—a burden of \$5.8 billion on the people of this state.

In addition, if local property taxes in the county stay at their 1950-51 level of \$12,443,150, they will average \$74.11 per capita in the county.

This means a possible tax bill for each person in the county of about \$727 for this coming year—unless every possible economy is put into effect.

Get Ready Forestry Crews Study Fire Control

Extremely dry weather during the past winter coupled with high winds has created an earlier fire hazard in forest areas and preparations are already under way to combat the situation.

Fire control organization and fire behavior were studied in a two day training session for State Division of Forestry personnel in this area. Deputy State Forester James K. Mace of the Riverside headquarters said yesterday.

The course was held at the Ramona Fire Control Station in San Diego County.

The chief also pointed out

Governor Plans Action to Halt Rise in Traffic Mishaps

Direct action to halt an alarming upswing in traffic accidents in California was planned today by Governor Earl Warren as he announced a series of one-day safety clinics to be held throughout the state.

"Safety is everybody's business and the purpose of these clinics will be to enlist statewide public support behind a never-ending program of traffic accident prevention," he declared.

"TRAFFIC DEATHS on rural roads rose more than 27 percent in the first two months of this year over the same period for 1950, and the same general picture was reflected in urban areas. At the same time both injury and fatal accidents increased and the situation demands attention," Warren said.

The meetings will be held under the joint sponsorship of the Governor's Coordinating committee of state officials on traffic safety and local public officials and private agencies.

The clinics, starting in May, will be under the direction of W. A. Huggins, executive secretary of the governor's coordinating committee, and safety education officer of the highway patrol. He will work with officials, safety groups, military installations, automobile clubs, women's organizations, trucking groups, civic clubs and others.

"TODAY with a population of nearly 11,000,000, we have more than 5,000,000 registered motor vehicles on our highways," Warren added. "This is an increase of more than 2,000,000 in the past ten years. This increase alone would be sufficient to fill a six-lane highway with cars (driving at 30 miles an hour) extending from San Francisco to New York. If all of our cars were placed on our state highway system at one time we would have 357 for each mile.

"We have a tremendous problem before us. Our only hope of solution lies in gaining the whole-hearted support of the people. To enlist that support we plan to work with the individual communities, attacking the problem from the 'grass roots' level. Everyone will have a chance to help."

Hotel Group Protests New Housing Plan

Also Plans Change
in By-Laws, Fights
Phone Rate Hike

Changes in by-laws to enable election of a new board and officers in Spring instead of Fall, opposition to changes in policy at the veterans' housing project and plans to fight a hike in telephone rates kept members of the Palm Springs Hotel and Apartment association in session until after midnight last week.

In their session at the Rossmore hotel, the directors decided to put an end to organizational handicaps caused by the old custom of electing new board members and officers in October, when members are busy with the problems of opening, and directors due to retire shortly are forced to forego militant leadership.

AT THE SAME TIME, the directors heard with surprise and considerable agitation that the veterans' public housing facilities of Herbert Lineau Village, originally restricted exclusively to vets, had without public announcement made its partly furnished living units available to all comers.

Association Director Stanley Rosin, who also serves as commissioner of the public housing authority, controlling body of Lineau Village, was provider of the surprising information about the loosened regulations now applying to its use.

"LET'S FACE IT," Rosin told his fellow hotel association directors, "there's no point in getting excited about a situation that already exists. Furthermore, it would be a sorry mess of a hotel or apartment hotel in Palm Springs which would consider these sparsely furnished barracks at Lineau Village as 'competition'."

Rents range from \$50 per month to \$60, Rosin said, and the units are utilized principally by workmen on jobs in Palm Springs. He said they are not leased to transient trade.

President Weber and other directors insisted that the principle involved is of major significance.

THE DEBATE ended with a majority vote in support of a motion in which the Hotel and Apartment association placed itself on record as opposed to the use of Lineau Village "for any business that can be handled by Palm Springs hotels and apartments."

Another problem that drew the ire of directors was the recent announcement by the California Water and Telephone company of increases in switchboard fees.

Calling the increases "staggering," the directors decided to appeal to the public utilities commission with a letter pointing out what they believe to be the "inequities" of the new schedule.

THEY DECIDED also to lodge a complaint with the Monrovia headquarters of the independent telephone company which serves this area, and to invite a representative from that office to appear before a session of the association membership to explain or justify the increases.

On the change in election dates, Weber, arguing in support of the new plan, declared the organization should benefit tremendously from a continuity of direction which could not be enjoyed under the present system of changing leadership at the start of the fall season.

A BOARD taking over in the spring, has ample time to formulate its program, supporters pointed out, and its members will be on hand in the early fall to get the organization rolling.

It was argued that this will eliminate the confusion of having early season plans formulated by a "lame duck" board, whose members may go out of office and thus see another board elected which may prefer to place emphasis on an entirely different program.

Seeking the earliest possible implementation of the change, the board voted unanimously to amend the by-laws as required, and set April 16 as the date for a full membership meeting at which the amendment will be presented for ratification.

LEGAL COUNSEL Saul Ruskin opined that the board may proceed with the election of a new board by the membership, and the subsequent election of new officers, by the first Monday in May, if the amendments to the by-laws are ratified at the general meeting April 16.

Directors warmly praised the work of Jack Schulman, chairman of the association's civic affairs committee, and his complete reports on the votes and attitudes of all city councilmen at city council meetings, whether or not the questions at issue directly concern the city's largest industry and heaviest tax-paying group.

Portrait of the Week

BY BERNARD
OF HOLLYWOOD

Mrs. Donald Duncan is the personification of the phrase "the Dresden doll" type—but her delicate and dainty appearance doesn't interfere with her efficiency and ability in directing and managing one of the most elaborate estates in the Palm Springs area, a seven bedroom house with

spacious grounds and swimming pool on Hermosa drive, where many guests from all over the country have enjoyed the hospitality of the Duncans. . . . Mrs. Duncan is one woman that doesn't need to be tagged a "golf widow" because when not busily engaged with their many friends they share an equal enthusiasm for golf and spend many hours enjoying the game together while here at the new but already popular Thunderbird golf course.

Cabazon Wreck Ties up Traffic

Derrick crews Monday finished up removing the debris of a four-car freight derailment

which last Thursday afternoon tied up Southern Pacific traffic for several hours.

A helper engine returning to Indio coasted off a side track and struck the third unit of a westbound Diesel pulling a long freight up the hill. One cattle car and three box cars were derailed and scattered over the roadbed.

Damage was estimated at \$25,000 by company officials. No one was hurt.

Newspapers

Board Cannot Use
Poster Advertising

Supervisors learned Monday that the county probably cannot escape spending about \$10,000 a year to advertise sales of tax-delinquent properties in newspapers.

County Counsel William Mackey told them in a formal opinion that state law requires advertisements in newspapers. Supervisors had said the county might be able to save money by publishing the list on posters.

Supervisors suggested that the County might seek bids from newspapers for the advertisement. County Counsel Mackey, however, pointed out that the decision about how to place the advertising in newspapers is completely up to County Tax Collector V. M. Hyde.

Ernest Off Hurt in Auto Accident Near Redlands

Two persons, one a well known Village builder, were injured last weekend in an accident on Highway 99 west of Redlands in a freak automobile accident.

Ernest Off, local builder, returning to the Village on the four-lane highway, and Mrs. Betty Thomas, Redlands, westbound to San Bernardino from Banning, were hospitalized as result of the accident in San Bernardino hospital.

According to California Highway Patrolman R. J. Elliott, who investigated, Off's automobile struck the center dividing curb and leaped the barrier to collide with the westbound car head-on.

Mrs. Thomas suffered a fractured leg, other injuries and shock while the Villager sustained a serious head injury. Both cars were demolished.

Parker Highway Bill Introduced

Don Haislet, executive secretary of the Baseline Highway Improvement Assn., Inc., of Twenty-nine Palms has been named to appear before the Assembly Committee on Conservation, Planning and Public Works in Sacramento April 11, in support of the proposed extension of the present Twenty-nine Palms highway to Parker, Ariz., by way of Rice.

Assemblyman I. Stewart Hinkley of Redlands has introduced a bill to take the proposed route into the state's secondary highway system. Baseline Highway association was incorporated three years ago to obtain a new road to the east through San Bernardino county.

They Weren't Too Much Surprised

It's a common saying that anything can, and does, happen in Palm Springs. Our police know it's so.

Early this week a man "hopped up or drunk" wandered into the station about midnight and said he wanted to prove to clerks Rene Osborne and Skip Partridge that he was from Palm Springs. Without batting an eye they copied his social security number to pacify him.

Seemingly satisfied, the nocturnal visitor nonchalantly took a penny out of his pocket, put it in his mouth like a cigarette and tried to light it. Finally he wandered out of the place after carefully

studying the time on his wrist watch—only he wasn't wearing a wrist watch.

With only slight shaking of heads the girls at the desk philosophically went about their business.

Supervisors See No
Need For Trappers

Supervisors were not much impressed by a request that they spend \$7600 annually to hire two wild animal trappers. The state Tuesday asked them to enter an agreement to keep

the trappers employed another year. For several years, at least, the trappers have been trapping coyotes, wildcats and mountain lions wherever they are considered a threat to ranchers. Supervisors said they questioned whether the good accom-

Building for Year to Date 400% Higher

First Quarter of
1951 Tops 1950
Quarter Fourfold

With March building permits reaching \$390,050, bringing the total for the year to \$1,891,455, 1951 to date showed more than a fourfold increase over the figures for the corresponding date last year.

In 1950, building operations for the first quarter of the year were \$456,645 against the current year's first quarter total of \$1,891,455.

In March this year 33 permits were issued, according to P. M. Swart, building inspector. This represented a gain of almost \$30,000 over February but fell far behind January, the busiest month here insofar as new construction is concerned, the largest in several years.

In March this year 10 new homes, 10 additions to homes, five swimming pools, three apartments involving 16 units, three commercial additions and a supplementary permit for Safeway Stores. The latter was the latter was the largest permit of the month totalling \$100,000.

Varner Acts to Halt Desert Water Fight

Homer Varner, county supervisor from the desert district, this week called a meeting of officers and directors of the long-established Palo Verde Irrigation district and the proposed Blythe Mesa Irrigation district in an effort to forestall a battle between the two for Colorado river water.

He said no date had been set for the meeting as yet.

Work is Started at Rancho Royale

Sam Levin, owner of Palm Springs Biltmore, announced this week that work has begun on Rancho Royale tract number one, an area just north of the hotel.

Two homes, complete with swimming pools, were started in the tract which will eventually number some 20 dwellings. The two under construction should be finished within 90 days, Levin said.

He said the homes in the area will be some of Palm Springs' finest.

PALM DESERT BUILDING AT ACCELERATED SPEED AS NEWCOMERS POUR IN

"Miracle by Choice."

That unique phrase is being used by persons in the Palm Springs resort area in describing the current upsurge in the growth of Cliff Henderson's Palm Desert.

Survey of the planned development of this community, 12 miles east of Palm Springs, reveals that 47 homes are under actual construction, at present valued at approximately \$750,000.

DWELLINGS under construction range from smartly designed one and two bedroom homes to estate-size mansions costing between \$25,000 and \$60,000. A check of prospective home owners and those already living there shows a cross section of America has chosen Palm Desert as the place where it wants to spend its days on the desert.

In addition to a church and a manse now being planned, and commercial establishments, \$300,000 recently went into the construction of schools at Palm Desert with student enrollment nearing 200.

HENDERSON pointed out that more than \$3,000,000 is now represented in improvements at Palm Desert.

Marking the unprecedented growth of Palm Desert announcement was made this week that a "Founder's Weekend" will take place April 21 in the form of a "Bandana Banquet" feting the first 100 home owners. This event will be preceded by a cocktail party and tea from 4 to 6 p.m. hosted by the Shadow Mountain Club management.

By the way of comparison, Henderson, speaking of the forthcoming "Founder's Weekend," said only eight homes were occupied at Palm Desert a little more than one year ago.

THE RECENT opening of subdivision Unit 6 finds that tract more than 40 per cent sold. It was announced yesterday. This particular area of Palm Desert shows considerable construction activity now under way. One and two bedroom homes are being erected, smartly styled, designed for desert living and selling in the moderate range price.

Elsewhere at Palm Desert several large estate homes are under construction or near completion. Some are even now being occupied by new home owners.

"Interest in Palm Desert as a cultural center, a place where people seeking retirement and peaceful days has quite suddenly arrived," declared Henderson. "People who have owned homesites here for several years are now building. Many who have returned here year after year

Noted Architects, Builders, Active at Palm Desert

Some of the nations foremost architects, home designers and builders are now showing great interest in the development of Palm Desert.

A survey revealed that more than 47 homes are presently under construction at Palm Desert.

Mhoon and Mhoon builders who have erected more than 15 luxurious homes at Palm Desert over a period of 18 months are reported busy with the construction of additional homes there.

Roberts Construction company which has completed or have under construction 34 of the popular Sun Lodges has initiated a custom home building schedule.

Metro Homes, incorporated with Bradford Melvin as president, erected 170 homes in the San Francisco Bay area and is now engaged in building a series of smart small homes designed by Walter White who also drew the plans for the Sun Lodges. These homes now under construction will be known as the Palm Desert Homes.

Anthony Kuri, builder, credited with construction of 70 homes around Redlands is presently engaged in erecting a group of unusually and controlled homes of one and two bedroom size. These homes will be known as the Shadow Mountain Homes.

Steady Growth, Strong Position of Safeway Told

Lingan A. Warren, president of Safeway Stores, Incorporated, in the company's annual report for 1950 told stockholders that the year 1951 with its unsettled conditions and a return to wartime restrictions and controls presents a challenge to all business. He stated 1951 operations would benefit from Safeway's experienced supplier company operations and from the improved warehouse and plant facilities provided by the construction and modernization program.

Safeway completed a quarter-century of common and preferred dividends with 1950 payments. The 1950 sales for the company and its consolidated subsidiaries in the United States were \$1,100,822,265, an increase of 53% over sales of the same operations in 1949.

Cash dividends for 1950 were \$2.40 per share as compared with \$1.25 per share in 1949. Summarizing the results of Safeway's modernization and remodeling plans, Mr. Warren stated, "During 1950, 78 new retail locations were erected. In addition, 230 retail locations were under construction and 88 in the hands of Safeway service companies for preparation of plans and awarding of contracts at the end of the year. The 230 locations then under construction should be completed by mid-1951. During the year, we remodeled 262 existing locations."

Office of price stabilization rules and regulations will be explained to tavern and cafe owners of Palm Springs and other areas in the county at a meeting to be held in Riverside April 18, it was announced this week.

CIRCUS CLIMAX

Large visitors starting promptly at noon. The Tournament of Roses Band will give an hour-long concert on the club lawn between 12:30 and 1:30 p.m., before boarding buses for the parade lineup. A buffet luncheon will be served starting soon after noon, and the group later can go to pre-arranged seats along the parade route where they can park their cars close by.

Many gorgeous floats will be the outstanding feature of the 15th Circus Parade, Cooper predicted today. Near the head of the long line of march will be the beautiful Queen's Float on which Queen Barbara Jean and her court of four members—Sandra Cordrey, Candi Hughes, Janet Jaynes and Elaine Naish—will ride in regal splendor.

MARTIAL MUSIC will be dispensed by 13 bands, several of them brought to the parade through the sponsorship of local firms.

In appreciation of the Palm Springs High School band's participation in many civic affairs, John Connors of The Center, Inc., and Bill Smith of the Coachella Valley Building and Loan Association, announced they will contribute \$100 and \$150 respectively to the band's new uniform fund.

Sheriff's posse and mounted police will be here from many cities and counties of Southern California, as will uniformed riding groups, silver mounted parties, western singles and pairs and equine entries noted just for their beauty of form and color.

ALL BUT the posers and riding clubs will be judged separately at the Polo Grounds immediately following the parade, and trophies awarded at the big Circus Show at 8 p.m., in the Polo Grounds arena. These riders will participate in the grand entry which is to be led by the Tournament of Roses Band.

A great number of the posse and riding club members will remain in the Village Saturday night. Their horses will be quartered at the box stalls on the Polo Grounds where the circus committee has rented from the city for this purpose. Cliff Campbell is directing this part of the parade work. Guards will be kept on duty all night at the stalls to guard against theft and fire.

TWO BIG nighttime events—a 20-act Circus Show and a Western Show and a Western Dance and Carnival—will write the grand finale to the Circus at the Polo Grounds tomorrow night.

Featuring professional circus performers in a well rounded program of thrills, comedy and color, the Circus Show will start at 8 p.m., in the Polo Grounds arena. Indications are that close to the capacity crowd of 6000 persons may witness the sensational show, particularly since the Weather Man had predicted a fine evening for the event.

IMMEDIATELY following the Circus Show a Western Dance and Carnival, with several merchandize games in operation, will get underway in the nearby Pavilion. Arrangements for this snappy event have been made by Chairman Earl Hough and Hutch Moseley. There will be square dancing as an added feature. "We're trying to plan for

Just one of those real old fashioned fun fests we enjoy in Palm Springs," Hough said in inviting the entire town to turn out.

The Circus Show, planned by a committee headed by Circus President Frank H. Bennett, will be a return to a show policy that proved popular prior to World War 2. This involves the bringing here of top-notch professional circus acts, many of them with national reputation.

LED BY the famous Tournament of Roses band, the grand entry will come into the Arena infield at 8 p.m., sharp. Following the playing of the national anthem by the band while the massed colors of posers are presented in front of the grandstand, three fast horse games will be staged for visiting horsemen by George Rasmussen, member of Bennett's committee. Presentation of awards to individual riders will be made at that time also.

Thence the program will swing into the tremendous action of the circus performers, most of them appearing in a three-ring setup most of the time.

TICKETS for the Circus Show and the Western Dance will be available at the downtown ticket booth, at Palm Canyon Drive and Andreas Road, until 5:30 p.m., Saturday and then at the Polo Grounds. Special low admission prices have been fixed for general admission and children to encourage whole families to see the show.

O'Brien to Talk to Realty Board

Raymond O'Brien, public relations representative for Security Title Co. of Los Angeles, will address members of the Palm Springs Realty board at a Tuesday noon luncheon meeting at the Chi Chi Club.

He will discuss relations of brokers and title companies according to Billy Wright, president of the board. All realtors, bankers and other interested locals are invited to attend. Cost of the luncheon is \$1.75 and reservations can be made at the Chi Chi or tickets can be purchased from any board member.

A. M. L. Chemicals incorporated will open a 25,000 square foot plant in Garnet tomorrow to begin production of fertilizer for large-scale farm use.

Frank Ewing, former convention bureau head at Chamber of Commerce and an executive in the new corporation, said that about six men would be employed in the plant for the time being.

Manufacturing fertilizer from a new process in which only organic material is used, the concern will get its raw materials from slaughter houses, fish canneries and other sources.

Located on highway 99 close to a Southern Pacific railroad spur, the plant has an ideal spot for distribution and operation, said Ewing.

Social Highlights

Social Program Full Up

The social program for Desert Circus week-end is filled with parties of various kinds from breakfasts, luncheons to buffet suppers—most of them being given in flower filled patios that are never more beautiful than at this time of the year.

One of the loveliest gardens in Palm Springs is that of the William Moncrieffs, 1451 San Lorenzo road, which will be the setting this evening when they entertain for their houseguests from Ft. Worth, Mr. and Mrs. Gaylord H. Chizum and Mr. and Mrs. Louis A. Greene. Tables will be set up among the flowering trees, shrubs and spring fountains, beside the gardenia filled pool for cocktails and buffet with dancing in the patio.

John and Gwen Costello's annual champagne party is always one of the gayest affairs of the whole season and is set for tomorrow evening in their flowering patio surrounded with citrus groves, included in the hundred or more Villagers and out-of-town guests will be their own weekend houseguests, Dr. and Mrs. Wilmost Robinson and Mr. and Mrs. Carl Kramer.

Mrs. Frederick Watson, president of Palm Springs Woman's club greeted members of her board and committee chairmen at a patio breakfast this morning. Bright spring flowers decorated tables set up in the patio of her home, 1545 Wawona road.

Breakfast guests were Meses, Harold Leinaw, Si Slocum, Margaret Manesse, H. C. Moseley, Herbert Burns, W. R. Wright, Walter J. Martin, Charles E. Glass, David E. Bond, Robert Ransom, Clyde A. Banger, C. L. Gaugler, Foster Simonson, Arthur Coffey, Gordon Clarke, Armand Turonnet, James Geggie and Claude L. Yerkes, all officers and members of the executive board who served with Mrs. Watson during the 1950-51 year.

Other guests were Mrs. Tom Holland, who served as chairman of the nominating committee for the coming year, and Mrs. William Dunkerley, chairman of the Christmas tea and this week's flower show.

Circus Buffet at Tennis Club

One of the smartest buffets of the season will be set in the Tennis Club on Sunday with large circus animals as decorations. A number of parties will be arranged that day with the largest social gathering to be hosted by the Thomas Flemings. This popular couple have invited a group of close friends to assemble in the Lanai room for cocktails and luncheon.

Each season during their winter holiday in Palm Springs the Flemings have entertained with a number of parties and always in April they have a beautiful Sunday brunch in the Tennis Club. A number of farewell gatherings will take place for Mr. and Mrs. James K. Kemper who will return to Chicago next week with plans for a South American trip early in the summer.

Making up a small dinner party with the Kempers at the Racquet Club this week were Mr. and Mrs. H. F. Johnson, Mr. and Mrs. Nate Milnor and Mr. and Mrs. F. C. Dougherty.

An attractive foursome at the club enjoying a poolside luncheon were Lou Hyland, Stella Converse, Grace Pope and Ruth Warburton. Mrs. Warburton has just returned to her home near Palm Springs from the Roof Ranch, after a two month's sojourn in New York, a combination business and pleasure trip.

Frank Purcell drive home last Saturday for a dozen members of the young college crowd spring vacationing on the desert. Most popular man at the party from all reports, was Frank senior who presided over the barbecue from eight o'clock on and on.

Around and About the Desert

Speaking of flowers, Bob Groves, manager of La Quinta hotel, is not going to let the magnificent array of desert flowers that surrounds the hotel die in the gardens this year. He has arranged with Trans World Airlines to ship them direct to a children's hospital in Chicago where they will give happiness and cheer to those less fortunate youngsters.

This will be done the day after their closing ball on the Fourteenth, Fiesta de las Flores, as announced on brightly colored invitations dotted with spring flowers.

Another alluring title is the Midsummer Night's Dream Ball to be given at the Tennis Club a week from tomorrow evening. And if you're "Never Seen a Dream Walking - Talking - Dancing" you will be dancing to the music of Freddie Karger's orchestra on tennis courts drenched with pastel balloons.

An Hawaiian luau under the desert stars will find guests attired in sarongs, hula skirts and flowered shirts at the Desert Inn on the fourteenth. This costume dinner-dance is held annually on the tennis courts with entertainment and favors authentically Hawaiian.

Shadow Mountain Club will be a plantation fantasy on the fourteenth, with its Dixie Ball. Guests will arrive in costume as cotton pickers, colonels, cake walkers, southern belles, colored mamies to dance to the music of Todd's Trio and banjo music with a "southern twang."

Midsummer Night's Dream to Come to Life at Tennis Club Next Saturday Night

"Midsummer Night's Dream" will come to life at the Tennis Club next Saturday, April 14th. One of the most beautiful and colorful parties of the season will be given that evening in the gardens of the Club, where members and their guests are to assemble for a formal ball.

In the picturesque setting of a midsummer night the Tennis Club garden will be transformed into a fairyland. Cocktails and hor d'oeuvres will be served in a beautiful Arabian tent, which Mr. and Mrs. Austin McManus acquired on one of their trips abroad. Dinner will be a buffet and tables will be set on the velvet green lawns and about the swimming pool. Dancing will

Dealers Meet at Sans Souci

Selecting the Sans Souci in Indio for a regional meeting and dinner were all of the Shell Oil dealers of Riverside County. They were greeted by owners, Mrs. Hilma Lawrence, and Mr. Maurice Johnson, and the dinner was hosted by Ted Johnson and Chet Sparcy.

Later in the evening the group witnessed the benefit donation of a jerboa of champagne, proceeds from which went to the local Red Cross. Winner of the prize was Mr. Harry Holt of Palm Desert, who was hosting a dinner party of six for the evening.

Actors on Location Here, at Doll House

Partying at the Doll House Saturday evening while in the desert to film "Ten Tall Men" were Gilbert Roland, Hugh O'Brien and Burt Lancaster. The three noted screen personalities, together with Mr. Lancaster's producer Harold Hecht and director Willis Goldbeck are making the Racquet Club their village home during the filming. The film group have been working in the sand dunes area near Palm Springs for the past week and will probably wind up the desert shot within the next few days.

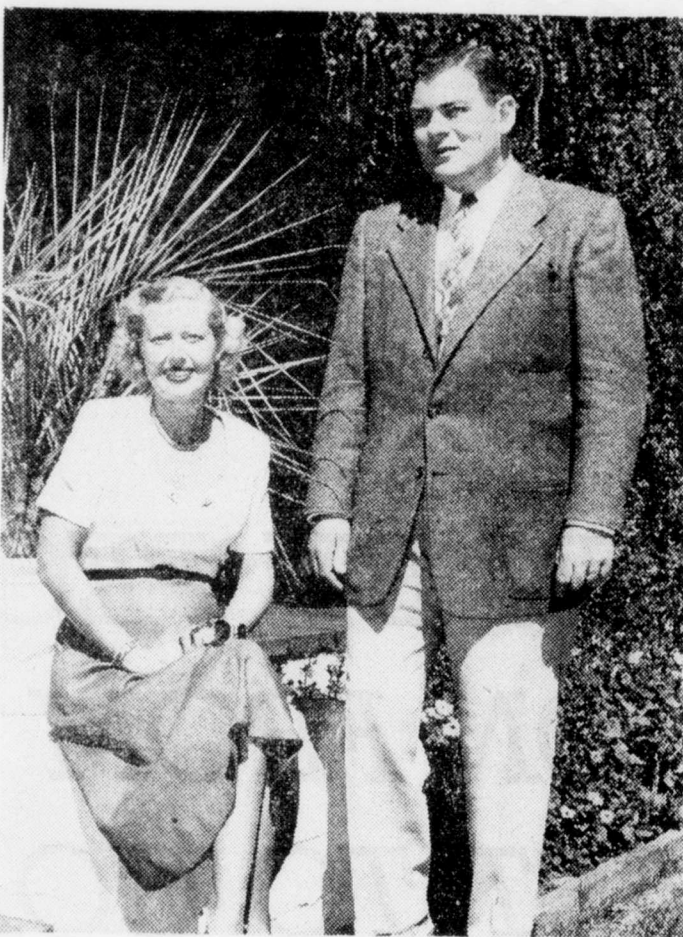

Auxiliary Enjoys Mexican Dinner

Members of both Owen Coffman Post and Auxiliary gathered Tuesday evening at Wars Memorial Building to enjoy a Spanish dinner and entertainment. Following the dinner Mrs. J. Morrison, chairman of Pan American studies, presented Trixie Jarrett who in turn introduced members of her dancing school. In colorful costumes, Linda Boyle, Benny Bogert and Sally Stephens entertained with appropriate dance numbers and were enthusiastically applauded. Dr. W. H. Elliott addressed the joint session on the proposed blood bank for the counties of Riverside and San Bernardino which is to be established at San Bernardino and urged support of the program.

Here for Visit

Following a buffet dinner served by the Town and Country on the patio the group adjourned to the Auxiliary Room, where they enjoyed steel guitar selections by Mr. Dean Pickell and songs by Mrs. Marie Huddleston. Mr. and Mrs. Ortel entertained with song and dance numbers and Mr. Ortel proved himself to be an accomplished performer on the harmonica. Mr. and Mrs. Claud Chapin were laudly acclaimed for their dancing, but the highlight of the evening was the original and colorful costumes of those who came as hoboes or wore western outfits. President George Lish greeted guests and members and later thanked those who had entertained.

certainly need something better than we have now and this would probably be an answer to our needs for many years. At any rate, the building shouldn't be allowed to sit as it is; it's an eyesore."

Councilman William Veith suggested the council ask for a two-week extension on the option.

Mayor Charles Farrell said: "We should hold a public hearing first so that we may hear all sides of the question. I'd rather be safe than sorry."

At the conclusion of discussion Earl Strebe moved that the

council not accept the option at this time and the group voted unanimously with him.

Discussion on the purchase was opened by City Manager Russell Rink who recommended it. He outlined costs and method of payment and told of the omnipresent possibility of the air force taking over the present city offices. He said he had also received assurances from the federal government that building restrictions would not prohibit completion. If work were begun immediately, the offices would have been open for use in January, 1952.

Fiesta Ball at La Quinta

Two orchestras will furnish dance music for La Quinta Hotel's Fiesta Ball Saturday, April 14th. "The Four of Us" who have been such a tremendous hit with guests all winter will be supplemented by "Aron Gonzales" for dinner and dancing in the hotel gardens.

Both the garden and wild flowers will be at the heights of their beauty next week and will provide a background of magic color for the ball appropriately titled "Fiesta de las Flores."

Next Week at Playhouse

Local audiences are roaring at Palm Springs Playhouse's comedy offering this week, "Yes, My Darling Daughter," which will run at the Polo Grounds Pavilion through Sunday night. There will be no Saturday night show, however, since the Circus western dance will be held at the Pavilion tomorrow.

Local star in this week's production is Mrs. Mildred Southwick Potter, Palm Springs resident since 1942. She plays the part of the mother in the show.

Next week's presentation, slated to open Tuesday night, is "Glass Menagerie," another in the Playhouse drama series. It will star the several members of the Playhouse resident company.

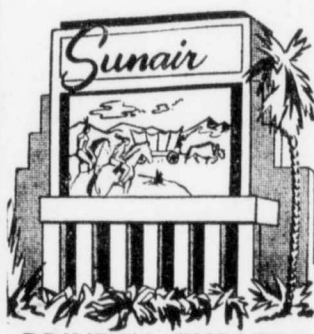

DuBonnet Trio at Dave Lyons'

Circus Weekend special entertainment at the Saddle and Sirolo will be a two day appearance of the DuBonnet Trio plus the singing and piano playing of Leo Rojo, according to an announcement by Dave Lyons, owner. Today and tomorrow's appearance of the trio marks their first engagement on the Pacific coast. Advance notices state the entertainers are "sensational" Lyons said.

Clarence Bondie is Taken by Death

Clarence Bondie, former Palm Springs resident, died suddenly at his Del Mar home, March 21, according to word received here this week.

Burial was at Calvary cemetery, Los Angeles. He is survived by his wife Margaret and a brother, Edward Bondie, of Glendora.

New Pulpit Bible Dedicated at Palm Desert Community Church

Dedication of a large pulpit Bible, the gift of Mrs. Grace Voight of Pittsburgh, Pa., in honor of the memory of Miss Hattie Wainwright, marked the services at Palm Desert Community church last Sunday. The unveiling was by Mrs. John R. Macartney, wife of the pastor. Both the donor and the woman honored are her cousins.

This week, Dr. Macartney said, painters started on the interior decoration of the auditorium, the color scheme submitted by Herbert Burns, designer, having been accepted by the church board last Saturday.

A veneration dinner—at \$10 per plate—will be given at the R. M. Trezevant home next Tuesday, the proceeds to go toward the building fund for a manse. Some of the tickets are selling for \$25 each and already \$1000 has been raised for the fund.

Already generous donations of material and labor have been promised and Carl Henderson, chairman of the building committee is highly elated over the building program's progress to date and the whole church enterprise in Palm Desert.

Attendance High at Bible Lectures Services Tonight Honor Chaplains

The evangelistic team consisting of the Revs. R. A. Rentfro and Harold Clark and others associated with it are now entering the sixth week of prophetic Bible lectures being presented at the Palm Springs Woman's club. Rev. Rentfro reported today that the attendance has been good and that the people of this city are interested in the "Things of God."

Further commenting upon the progress of the Hour of Prophecy series, Rev. Rentfro said "We are happy to present through this coming week such timely topics as 'Five Minutes After Death—What Then?' Sunday, April 8, 'The Great Investigative Judgment' Tuesday, April 10 and 'How to Pay the Price Without Using Any of Your Own Money' Thursday, April 12. He concluded, 'All of these subjects will be beautifully illustrated on the screen and we invite the public to attend.' Meetings start at seven thirty.

A salute to chaplains of all forces of the country, will be rendered at Sabbath services at the Jewish Community Center tonight.

Commemorating Army Day, Rabbi Bloch will preach on "Religion in the Armed Forces," and will disclose the role of the chaplain in ministering to the men and women in the service, and in upholding the morale of the fighting personnel.

Rabbi Bloch is qualified to speak on the subject, having served in two wars, as a member of the staff of General Allenby, liberator of Palestine, in World War I, and attached to the U.S. Air Force in World War II.

This service will also pay tribute to Peter Linder, who has served as volunteer soloist during the winter season. Linder is returning to Los Angeles. Participating in the service will be Robert Morris, assistant to Rabbi Bloch, Mrs. Bruce Kopylov, organist, and Saul Ruskin, president of the Center. Services at the Center are open to all visitors.

DESERT HOT SPRINGS

By THERESA WHITESIDE

Ethel McDonald and Gertrude Martin were hostesses to a large crowd of women and half a dozen men at last Wednesday's social tea, when Leonard Nattkemper read some of his "Home-spun Philosophy in Rhyme" to the great enjoyment of all present.

Eleanor Brewster presided at the register and Helen Walters and Dottie Harris poured.

Mrs. Nattkemper was also present for the occasion, as were several other out-of-town guests, including Dr. J. J. Hamelin of North Battleford, Saskatchewan, Canada, Harry and Astrid Canterbury and Mrs. Hulda Peterson of Whittier, Mrs. Ray Cunningham of Portland, Oregon, who won the door prize, and Mr. and Mrs. Albin Eckberg of Bellflower. Others who attended were Col. T. C. Martin, Mr. and Mrs. A. Stanley-Jones and Robert McDonald.

Evelyn Knudsen sang "Trees" and "Sylvia" to the accompaniment of Sophie Sturtevant, playing on the new piano for the first time. Several public spirited members of the improvement association persuaded Jack Beaton to part with his piano at a reduced price and footed the bill, for which all the townspeople who use the church are very grateful. The church is the recipient of the old piano, and no doubt it will see plenty of use in the future.

It was a gala affair, complete with the master of ceremonies, Elmer the Great, and his wife, Elmer, and a lovely birthday cake with candles to top off a fried chicken dinner at the 10 o'clock hour on Wednesday evening to honor all those in town who had March birthdays.

The reservations included the following who had March anniversaries: Maude Harvey, Lotta De Maree, Agnes Gentile, Tink Boyer, Ray Kalkowski, Irene Callahan, Linda Murray, Theresa Whiteside, Sister Henderson-Barnett, Mr. and Mrs. E. L. Fons, Maggie Bister, Nelda Hulburd, Bud Hulburd, E. J. Rayner, Carl Walters, Sarah Heath, Fannie Warren, Edna Chamberlin and Flossie Gardner.

At the Friendship club last week, before the usual games were played, Sophie Sturtevant read a paper on astronomy.

The V.F.W. gave a very successful card party on Thursday evening.

On Friday evening, the American Legion celebrated its 32nd anniversary with a big party, complete with birthday cake. Cards were played and prizes awarded to each table.

Recent guests at the Blue Heaven Ranch were Mr. and Mrs. Nels Berge of Seattle; Mr. and Mrs. Tom McGlynn and son Tommy, of Red Bluff; Mr. and Mrs. Harry Miller of Laguna Beach; Miss M. Dannemann, Miss C. Lambert and T. C. Peterson, all of Orange; Mr. and Mrs. Charles S. McCormick, Jr., and Miss Nancy D'Amico, of Hollywood; and Miss Fern Babb and Miss Lois Fulcher of San Diego. Vi Dinsmore's daughter, Haroldene, and her husband, Jack Donahue, and the children, Nancy and Robert Marshall, were down at the ranch over the weekend.

Mrs. F. S. Newkirk and Mrs. Gladys Pratt are visiting the Mark Shuffleton's.

Ethel Carlson's sister, Edith Seymour, is visiting her. Mrs. Edna Lee Hansen of Los Angeles, has purchased the old homestead and ten acres of the Mooney ranch, which is now

owned by the Albert Wilhelmson's, who are staying at their cabins. Among recent guests they have had are Mrs. Irvin Wilhelmson and three children, Mrs. Signe Conroy, Mr. and Mrs. Einar Sorensen, Mr. and Mrs. Edward Emmel and two children, and Mr. and Mrs. Charles Wilhelm.

Sadie and Oscar Dehner entertained guests from Los Angeles recently. They were Mr. and Mrs. Ned Evans and Mr. and Mrs. Robert Clession, the former being Sadie's nephew.

Banning Outwits County's Board

County Supervisors learned to their chagrin this week that they cannot cancel their contract to operate a dog pound for the City of Banning—at least not for six months.

Conducting an economy campaign, Supervisors had voted to give Banning and four other cities 30 days' notice that they were cancelling contracts by which the county operated dog pounds for the cities.

Monday, however, County Counsel William Mackey told them that a smart Banning city attorney had slipped a provision into the contract by which the county couldn't stop service without giving six months' notice.

Supervisors voted adoption of a resolution giving 30 days' notice to all the other cities and adoption of a resolution giving six months' notice to Banning. The other cities are: Hemet, Indio, Beaumont, and Coachella.

Supervisors had said earlier that the county is losing money on the contracts—which give it from \$50 to \$100 per month per city.

Second Hearing on DHS Zoning Plan April 19

County Planning Commission announced Wednesday that it will hold a second official public hearing April 19 on the zoning plan for Desert Hot Springs and 100 square miles of desert land around it.

The hearing will begin at 8 p.m. in Desert Hot Springs grammar school. At the first hearing a majority of the property owners seemed to approve the plan in general.

The plan also takes in the smaller communities of North Palm Springs, Garnet, Two Bunch Palms and Bubbling Wells.

Cabazon School Ceremony Sunday

Next Sunday has been set as the date for ground-breaking ceremonies for the new school-house at Cabazon, according to an announcement from George Bloester, president of the school board.

Those who will take part in the rites are County School Superintendent Ray W. Johnson; Mrs. Aileen Pentoney, 23rd District Parent-Teacher Association president; Frank Gibson, County physical education consultant; Tom Nicholson, school superintendent; and Board President Bloester. Arrangements are being made by Mrs. Irene Clower, PTA president in Cabazon.

Easter vacationing at the Desert Club were Judge and Mrs. F. F. Gualano and their two daughters, Jeanette and Babette.

Plan to Change Speed Limits in Cathedral City

California Highway Patrol offices in Sacramento were expected to approve new speed signs for Cathedral City within the next few days which will enable CHP officers to make arrests for speeding with more confidence than at present.

Discovery that the present signs were illegal in some spots came last week when civic leaders of Cathedral City protested to the highway patrol that widening and paving of Broadway, the main thoroughfare through the community had apparently encouraged faster driving.

Investigation revealed that the present 25-mile-zones do not conform with the state law. They cover too much territory. Following a survey of the number of houses at the outskirts, it was recommended that the 25-mile zone apply in the heart of town.

Cathedral City's Annual Jamboree Again a Success

Cathedral City sat back today with the realization that it had hosted another highly successful Cactus Jumpers Jamboree. The 13th annual event was held last Saturday afternoon and evening at Town Hall with many valuable prizes going to lucky celebrants.

Highlight of the program was the western outdoor barbecue at which Claude Cobb and Emil Greener officiated as they have done for the past few years.

Leslie Kelley, president of the Cathedral City chamber of commerce, in charge of the event, said it was a highly successful affair.

With 35 mile zones at either end. When this is done, CHP officers will start cracking down on the speeders.

LA QUINTA

By FRANCES HACK

Don Loper, America's foremost courtier, held a fashion revue of his latest creations on the promenade of the pool of the beautiful La Quinta Hotel. Miss Lee Anderson introduced Mr. Loper and six of the most beautiful models in America, flown here by plane, to the specially invited guests. To the accompaniment of the music of the Four of Us, the models displayed the exquisite creations and Miss Dorothy Gray, sponsor of the show, was more than gratified at the enthusiastic response of the guests. Among those present were Mr. and Mrs. Sol Lesser, producer; Addie Masterf, well known designer; Mr. Sam Katz, movie executive with his guests Shirley and Kenneth Kurtz; Mr. and Mrs. Robert Mitchum and children Chris and Jim; Mr. and Mrs. William Keck, Jr., of Beverly Hills; Paul Kollman of Bel-Air and New York; Mr. and Mrs. John Balaban; Mr. and Mrs. Robert Groves. The model of the year was Miss Rosalie Calvert. Hats and accessories were designed by John Carter of Beverly Hills.

Mr. Loper left immediately after the affair, flying back to New York where he is designing the clothes for Marlene Dietrich for her new picture "Chuck-a-luck."

Erwin Bachmeyer, skiing instructor at Sun Valley for ten years, is now the popular maitre d' of the Mirage Room. Some of the prominent guests he greeted this week were Ralph Edwards of Truth or Consequence fame and his guest millionaire cattleman, Jo Kaufman of San Jose, Cal. Also socially prominent Mr. and Mrs. George Jagelf of Pasadena.

Dr. and Mrs. E. C. Aucter of

Honolulu have rented the main portion of Col. Walter Bowman's La Quinta home.

Dr. Aucter, president of the Pineapple Research Institute of Honolulu, expects to remain here several months. He is here primarily for his health.

They have as their houseguest, Mrs. Olive A. Lyons.

Fully recovered from her recent illness and looking pert and pretty, Barbara Whitelaw celebrated her birthday at a party at the Desert Club. As weekend guests she entertained Mr. Tommy Mack of Decca Records and Mr. and Mrs. Riddle.

Seen driving about La Quinta, Mr. Hugo Steinmeyer, prominent attorney for the Bank of America, and his charming wife Dolores.

Accompanied by her grandmother, Mrs. F. W. Strauss, Countess Zina d'Harcourt, 22-year-old heiress to the Strauss fortune, spent the week at the La Quinta Hotel. Mrs. Strauss' daughter, Madeline Hoffman, known as the best dressed woman in New York and married to the world famous psychiatrist Richard Hoffman, was also a guest accompanied by her daughter, Mrs. Stewart Martin of Beverly Hills. Mrs. Martin is Angela Green of movie fame.

NEWS OF THE DESERT EMPIRE

Keys Confident He'll Obtain Full Pardon in Shooting Case

Bill Keys, who, eight years ago was sentenced to San Quentin prison for the death of North Bayley, former police officer and a neighboring rancher, still thinks he should have a pardon and be restored to full citizenship.

Keys is at present out on parole. He served time in the state prison from 1943 to 1948 and is now again living at his rock-rimmed ranch 18 miles from Joshua Tree community.

KEYS CAME to the district in 1910 to manage a mine. Later he became a rancher and owned much of the land which is now the Joshua National monument.

Eight years ago next month a gun battle in the lonely mountain area climaxed months of feuding between Keys and Bagley. There were no witnesses. Keys reported the result of the battle to sheriffs and Bagley's body was found a few feet this side of the Riverside-San Bernardino county line.

KEYS SAID that Bagley had come toward him firing a revolver and that he shot him with a rifle from the hip. Keys was convicted in superior court and the conviction was upheld in appellate court. He was sentenced to San Quentin.

Many people came to the aid of Keys including Earle Stanley Gardner, noted writer of mystery fiction. They helped him win his parole.

But a parole, said Keys this week, is no good. He wants a full pardon and is confident his friends will help him obtain it.

Lowell Thomas to Broadcast From City Lowell Thomas, noted commentator on national and world events, will originate his broadcast today in Palm Springs.

He will speak at 3:45 and 8 p.m. There will be no audience.

San Franciscans Hear Village Bid

Because a survey has shown that more and more San Francisco people are coming to Palm Springs later in the season, Chamber of Commerce this week launched an advertising campaign in San Francisco newspapers for this weekend. The advertising material appears in the Examiner, Chronicle and News of the Bay City.

Fred Ingram, president of the Chamber, said a scientific count had been taken and the results revealed a surprisingly large number of San Franciscans and others of the bay area, coming to Palm Springs for April and to "stay through May."

Favorites in Women's Golf Trail at Start

Ice Follies Star
and Pasadena
Take Early Lead

Gloria Fecht, an Ice Follies performer only a year ago, and Mrs. Ed Schweitzer, club champion of Pasadena's exclusive Annadale Golf club, took golfing honors away from their better known links rivals Tuesday in the Palm Springs Invitational Women's Golf tournament at O'Donnell Golf club.

The tournament's favorites, Mrs. Ruth McCullah of Riviera and Mrs. Johnny Weissmuller of Lakeside, could do no better than 80 strokes apiece Tuesday as the championship flight players hit the trail in the annual desert golf event.

BUT MISS FECHT, playing from Griffith Park, and Mrs. Schweitzer scored 76s. Mrs. Schweitzer had 37-39 and Miss Fecht, 41-35, the second side equalling men's par.

Mrs. Tom Williams of La Jolla and Mrs. Ray Williams of Laguna, no relation, had 38-39—77 apiece and Mrs. Rose Montgomery of Oakmont a 40-37—77. Mrs. William Miller of LACC and Arlene Brooks of Annadale, the 16-year-old city girl, champ, had 40-38—78 each. Mrs. Paul Gardner of LACC had 38-41—79 and Viola Morse of Riviera, 39-40—79. Mrs. McCullah and Mrs. Weissmuller scored 41-39 apiece, being tied by Mrs. Ward Gates of California with 39-41.

Class C players, for the most part, finished play Tuesday.

GRANDMA HAS TROUBLES—Yes, Grandma fell from her rocking chair just prior to the above action picture in a game of the famous Compton Cuties. The novelty softball team will appear in Palm Springs baseball park next Friday night at 8:30 p. m. in a Youth Center benefit game.

Compton Cuties to Play Return Game with Youth Center Tonight

Tonight's the night the Compton Cuties novelty softball team engages the Youth Center in a game at the Polo Grounds in a benefit game for the membership fund for the Rec. Game time is set for 8:30 p. m.

All the finess of a baby elephant doing a ballet dance would be one way to describe the Compton Cuties in action.

Employing a bag of tricks that brings a laugh to the most hardened softball fan, the Cuties are a sight as they line up in their novelty softball attire. Dressed in ladies' garments, the Cuties are a men's softball team of considerable repute that can give a good account of itself regardless of the competition.

However, the players never let softball interfere with their bag of tricks to keep the fans entertained.

Beginning at 8 p. m. when the chorus routine takes place the Cuties are continually in action until the final out is made. Birmingham Bertha, the "Voice" of softball, warbles a few tunes and "Burlesque" Gertie does her pseudo dance before the Cuties take infield practice.

Their seemingly clumsy antics in the attire of the fair sex is a blind—they can compete with the best in softball.

They can also perform cutups that will draw laughter throughout the game. At one time during the contest as the Cuties are on the field, a football routine involves all but the pitcher and catcher. Hefty Helen, a left fielder of considerable renown, shows her worthiness by using a butterfly net in left field.

Coachella looms at the team to beat in 1951 Riverside County League track competition as the athletic Arabs posted a strong showing in the annual Palm Springs Relays Saturday afternoon. Palm Springs must be recognized as the favorite in second spot off its performance in the home turf Saturday.

KNIGHT'S REPORT stressed the recreational value of beaches for both Californians and tourists and suggested means for making possible accesses to the mean high tide line, which, he said, belongs to the people of California. He added, however, that greater use of beaches would call for more rigid regulation of its use and of the take of ocean fish.

To breach the barrier of privately-owned land that "threatens to divorce California from her shores," Knight advocated that well-planned access rights-of-way be created at properly spaced intervals along the entire coastline.

ESTIMATED COST of the land needed for the suggested coastal angling access program is approximately \$229,000," Knight said. "But to provide for the cost of title examinations, appraisals, surveys and other incidental expenses, together with possible increases in land values, a total of not less than \$350,000 should be allocated."

Knight, who makes his home in Banning, was engaged in the survey for 18 months and completed it a month ago.

THE BULLDOGS remained unbeaten in their first two RCL games as the Bulldogs struggled to a 8-7 win over Perris last Thursday in their home field.

Pitcher Bobby Mendoza turned in one of the best performances of his career at Elsinore that afternoon as he hurled a 9-0 shutout over the visiting Beaumont Cougars. The win preserved Elsinore's unbeaten home record which dates back to 1947.

Coachella rolled to its second straight win as the Arabs edged San Jacinto, 5 to 4, although they collected only five hits off Tiger Pitcher Tommy Ricketts.

At the end of the second round of play, the standing was:

	W	L	P
Hemet	2	2	0
Coachella	2	2	0
Elsinore	2	2	0
Palm Springs	2	1	0
Perris	2	1	0
Banning	2	0	0
Beaumont	2	0	0
San Jacinto	2	0	0

Play Gets Under Way in Annual Pimm's Cup Tourney

First day play of a three-day Pimm's Cup tennis tourney was held yesterday at the Racquet Club with a star-filled array of racqueters frolic over the courts.

Dr. Lew Morrell, men's doubles winner with Charley Farrell, has entered along with Solly Baiano, winner in men's doubles play at the recent Blue Ribbon tournament.

Gilbert Rowland, here again also helped Baiano win that event.

Others entered include Mr. and Mrs. Alphonso Bell Jr., Virginia Field, Tommy Cook, Mr. and Mrs. Clark Cornell, Vincent Fotre, Mrs. Suzanne Huber, Winnard Parker, Mrs. William Powell, Mr. and Mrs. Ed Davies, Marjorie Hall, Julia and Reginald Fleet and Glenn Austin.

A new feature of this season's play is nocturnal tennis since the club has installed more lights over courts.

SP Plans Third Running of Churchill Downs Special

A choice seat near the finish line of the famed Kentucky Derby on May 5 and a 10-day deluxe rail tour from the Pacific Coast are the attractions offered horse racing fans in the third annual running of the Southern Pacific - American Express "Churchill Downs Special."

The all-expense tour leaves the West Coast April 29, according to Charles McGann, local passenger representative. It assures racing fans of reserved box seats at the Louisville epic when the thoroughbreds "break from the gate" for the 77th running of the Derby.

The special train will feature all-room Pullmans, plus diner, club and lounge-observation

cars. An escort staff from American Express, will handle travel and entertainment details.

The Derby will be the high point of the tour program, which includes sightseeing and stopovers enroute. The stopovers feature dinner, floorshow, and dancing at the Shamrock Hotel in Houston, the Roosevelt Hotel in New Orleans, and Chicago's Palmer House.

The Churchill Downs Special arrives in Lexington on Friday, May 4, and its passengers will have the opportunity to see world renowned horse farms at Greentree, Elmendorf, Dixiana, Faraway, and Calumet Farms and to participate in pre-Derby festivities.

The special will arrive back in Los Angeles May 9. Reservations for the tour may be made through any Southern Pacific ticket agent and offices of the American Company.

Wrigley's Cubs
Not Coming Here

Philip K. Wrigley, owner of the Chicago Cubs, announced this week that the team will spring train in Mesa, Ariz., in 1952, thereby botching local hopes that the chewing gum millionaire might see fit to select Palm Springs Polo Grounds as the site of early workouts.

A week ago Wrigley was in town looking over the Polo Grounds with local officials and it was reported he was interested in the local baseball plant as a training site.

Henson's 3-Hitter Downs Banning Baseballers, 7-3

Palm Springs high ace Don Henson, "a hard-luck pitcher with a world of stuff," hurled his second three-hitter of the young Riverside County League season last Thursday afternoon at Banning to set the Bronchos down, 7 to 3. The win was Palm Springs' first, although Henson's performance was every bit as creditable in the opener two weeks before.

Heavy hitting Shortstop Oscar Prieto teamed up with Henson for the win, Prieto homered and tripled in three times at bat.

PRIETO'S HEFTY clouting pulled him into unofficial second place batting leadership with Perris' Don Westbrook. Both preppers are hitting at a wicked .625 clip after two league encounters.

Henson, who deserved to win in the Coachella game but lost out when his teammates failed to offer sufficient support, racked up 12 strikeouts and was

SUNSPORTS IDELIGHTS

By GUS STEVENS

It's a shame what the water shortage in Southern California is going to many lakes which at one time could be called a fisherman's paradise.

Several lakes, including Elsinore, Hodges, Cuyamaca, are virtually empty because of moist demands of growing California cities and a rainfall which has been below normal for several years.

Now comes word that Lake Henshaw is to be drained early next month. Vista Irrigation corporation, which controls the lake water, supplies the cities of Vista and Escondido. In order to eliminate loss of more than ten million gallons of water by evaporation, the company plans to drain the lake.

AT LEAST one committee has been organized to Southern California to fight the move, claiming that the two communities could use Metropolitan water instead of the lake.

Chances are the corporation is doing what is best in draining the lake because, after all, water is more important for drinking purposes than to fish in.

But it's a shame anyhow. If all of this part of the state's beautiful fishing, boat- and picnic spots are going to go the way of the dodo bird because people have to drink the stuff somebody should work harder to collect the aqua from some place else.

EVENTUALLY, so the experts tell us, we'll be getting plenty of water either from the Colorado and other far away sources or distilling it from the ocean.

But, if in the meantime, too much of our state's beauty is sacrificed, there won't be anybody left here to use the supply by the time it's adequate.

I hereby want to start a move

whereby everybody should switch to eastern beer and New York state wine. Let's use their water instead of ours. Everybody should bathe in it, wash dishes in it, water the lawn with it (probably be the healthiest grass you ever saw) and, of course, drink it.

ON SECOND thought, why spend all our dollars in the east? Let's all drink tea. We can empty all the used bags and sew them in our clothes as extra watch pockets. Remember, stay away from our precious lake water!

The California Division of Fish and Game is on the ball. They reported to us this week that during the month of February they bagged 195 skunks.

Most of us would probably read this report without giving it a second thought and pass on to the classified ads; but there's more to this accomplishment than meets the cursory glance. The division neglected to report how they eliminated this many rodents. It only says that they "took them."

BUT HOW? They couldn't trap the things 'cause they'd have to throw the traps away and never use them again and 195 traps at \$5 each is a heap of jack.

No body would be foolish to sneak up on one of the high heavens (that's what they smell to) with a club because any skunk that was worth his salt would be able to get off a good squirt before he blacked out.

The only answer seems to be that the fish and game people did the job with poison. But a dying skunk, even if he's alone, probably feels pretty mean and throws his weight around before going to the rodent land far away. Who's going to pick up what's left on this earth and do away with it.

Anyway you look at it it's a poser. But we all have to agree the method must have been a tough one and our hats go off to the California Division of Fish and Game, for a job well done.

Throng Sees Home Grown Flower Show

By MELBA BENNETT

Over one thousand visitors and residents attended the exhibition of "home-grown" flowers presented by the Palm Springs Garden Club in Kelley's Furniture Store last Saturday. The display ranged from miniature bouquets of violets to large branches of the dramatic orchid tree. Visitors expressed their surprise at the variety of flowers that can be grown in desert gardens.

Of the 108 different entries, there were over 50 varieties. There were masses of red, orange and yellow snapdragons, blue larkspur and bachelor buttons, salmon gladioli, purple iris, delicately rare white jonquils, brilliant ranunculus and pansies, aristocratic camellias, native deadly jimson weed, specimen gerberas and carnations, lacy desert lilac, exotic plumage dried gladioli pods, dainty pink rose buds, in fact, everything from rare bulb plants to flowering vines and trees. And tucked away humbly in a corner, was a small wheelbarrow filled with garden weeds.

Visitors were given ballots on which to mark their preferences. Mrs. Edwin Booz's dry arrangement, "Palms to Pines," received the highest praise and greatest number of votes. Second and third choice was achieved by Mrs. Ernest Alschuler's mass arrangement, "Palms to Pines." Other entries to receive commendation were Mrs. Alschuler's wax plant, Mrs. Ruth Hardy's bouquet of mixed wild flowers, and Gladys McClure's prune blossom branches.

Greeting visitors and answering questions were the co-chairmen of the Flower Show committee, Doctor and Mrs. G. M. McCauley, assisted by the Garden Club president, Mrs. Ernest Alschuler, Dr. and Mrs. Arthur Hoff, Mr. and Mrs. George Mannington, Mr. and Mrs. Raymond Wilson, Madames Edwin Booz, Billie Wright, Charles Dant, David King, Miss Gladys McClure and Lloyd Simons.

Indians, Hemet in Third Game

Palm Springs high played its third game of the 1951 RCL baseball season yesterday afternoon at the Polo Grounds with visiting Hemet providing the opposition.

Hemet, unbeaten in its first two starts, was expected to start Russ Mathews on the mound against Indian ace Don Henson. Henson has been the bright light in the Brave baseball campaign thus far. In two games he has pitched (up to yesterday) the fast-baller has given up just three hits in each contest. He also takes a role accustomed to most pitchers in batting fourth, the clean-up spot, in the line-up.

Henson and hard-hitting Charley Black behind the plate provide one of the league's outstanding batteries.

Lopez Managing College Baseballers

Humberto Lopez, Palm Springs high school graduate, is serving as a manager on the Williamette University baseball squad this spring.

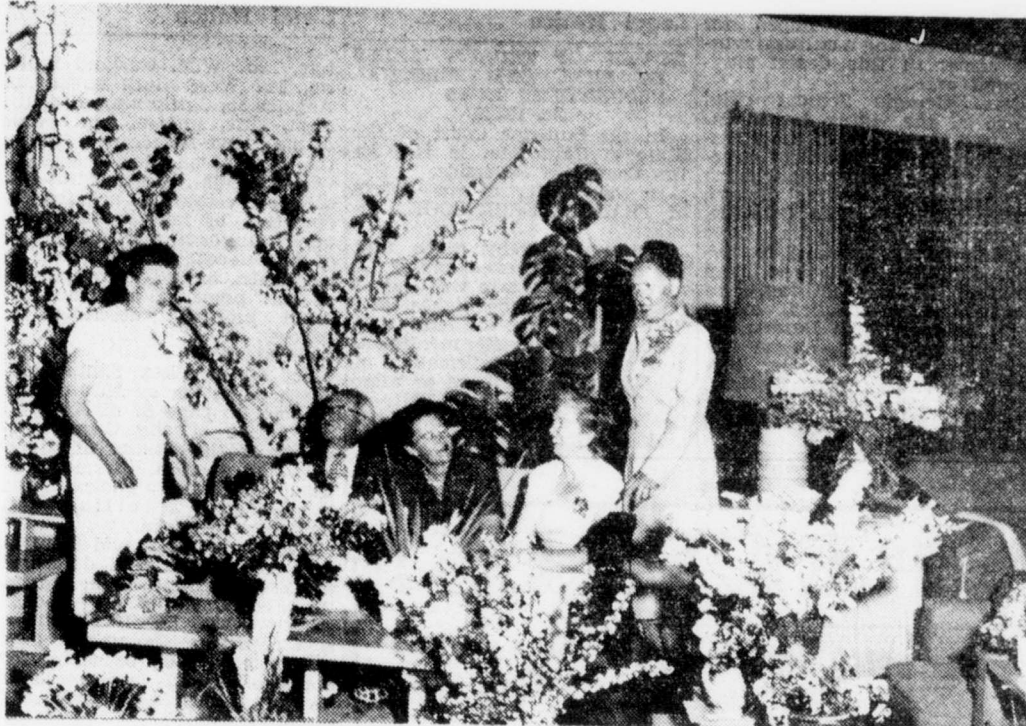

Lopez, son of Mrs. Anna Gonzalez, city employee, is in his second year at the Salem, Ore. school and last fall won a frosh football letter as halfback.

old house must have been built in 1915.

PERRY T. LYNCH, vice president of the Union Pacific, is in town visiting the S. P. Burkes. Good headline on that would be: "U. P. V. P. VISITS S. P." Mr. Lynch is wild about Palm Springs. It's his first visit here. He likes it despite the fact that one of the first things he did was to back into a barrel cactus. The doctor removed the spines. That Bing Crosby broadcast was one of the best I've seen and heard. Think of it! Dinah Shore and Bing on the same program! Mrs. Jean Alkely will remember Bing long. She wanted tickets to the broadcast and didn't know where to get them. She saw Bing get out of a car across the street from her beauty shop and decided, on the impulse, to leave a note in his car, asking for tickets. Then she got busy and forgot it. Late that afternoon Crosby came in. "Is there a Mrs. Alkely here?" he asked. "There was. I've been looking for you all day," Crosby said. "Your note just said the beauty shop next to the drug store. There are a lot like that here." She got the tickets.

AM THINKING of another invention. A water-tight, well insulated telephone extension box in the shower. My incoming phone calls are divided into three classes—(a) While in the shower, (b) During the J. Benny broadcast and (c) at 2:19 a.m. Now in reference to that opening onus on this piece. I know that what it does rhymes with what Archie found around that big egg. But be patient. Next week comes Friday, the 13th. That's when I keep my fingers crossed all day and cannot write. There'll be a substitute if I can talk convincingly enough. Until April 20, then.

GARDEN CLUB—A profusion of flowers all grown in Palm Springs drew more than 1500 visitors into Kelley's Home Furnishings establishment in The Center where they were on display. A tally showed that 702 votes were cast for the best display. Seated amid an array of blooms are co-chairmen of the event, Mrs. and Dr. D. H. McCauley, Mrs. Ernest Alschuler, president of the Garden club, Mrs. Arthur Hoff and Mrs. Ray Kelley, hostess. (Desert Sun Photo.)

Crosby Show Delights Crowd at Plaza Theater

Bing Crosby, his guests, Dinah Shore, Bill Boyd (Honalong Cassidy), Happy Peters and all of Bing's cast on his Chester-

field show, delighted a packed house at the Plaza theater last Saturday night when they taped their show for recording Wednesday night.

It was a happy informal gathering with plenty of music and a lot of good gags. The show was recorded here for presentation later on a coast to coast hook-up. In the course of the evening Crosby introduced Ziggy Elman, famed trumpet man, who

played his well known "And the Angels Sing" as a solo. The band was John Scott Trotter's and has been with Crosby for years.

Consensus of Villagers who see a lot of broadcasts was that "it was one of the best yet."

Leaving from New York on July 3rd. As you know, this is THE CRUISE SHIP and at the present time is on a most pleasurable cruise around the world.

STELLA POLARIS SPRING CRUISE—May 26th—from New Orleans to Havana, St. Thomas, Africa, Lisbon and England. And later, a cruise to the Scandinavian capitals. Spend some time in Europe. . . and fly home!

All the foreign cars in town this past weekend made us wish we were going to tour Europe in a Hillman-Minx convertible or Simca or Jaguar this summer.

You know you can pay for the cars here in American dollars, take delivery in Europe, drive all over wherever you want to go and whenever you want to, wonderful gasoline mileage, then have the car re-purchased in dollars by the company in Europe. . . and all in all, you'll find the car has cost you but a few hundred dollars. Maybe not even that much! Of course, you'll probably enjoy driving it so much you'll want to ship it home. . . and you can for \$125.

JAPAN is once again becoming popular for tourist travel. The American President Cruise-ships to the Pacific Isles have had a decided upturn in bookings for summer. And what could be

more enjoyable than a luxurious cruise on the President Cleveland or President Wilson to Hawaii, Manila, Hongkong, Japan. And for those of you with plenty of time and leisure, a freighter trip around the world on APL would complete your "three months" of being away from the desert summer. . . and it doesn't cost too much either. Ask us the rate. . . you'll be surprised.

SOUTH AMERICA. . . leave New York June 14th with a cruise party for a visit to all of South America. . . over the Andes to Santiago and Lima and return to New York on the comfortable 52-passenger Grace Liner. Time to see everything, and leisure time for shopping and browsing.

REDUCED RATES ON CARIBBEAN CRUISES—now the Alcoa Spring Cruises to the beautiful Caribbean Islands have lowered their price for the 17 day cruises from New Orleans to Mobile. Also, enjoyable and interesting, are their three and four week cargoliner cruises in the Caribbean and to South American ports. And for \$350 for three weeks on very comfortable 12 passenger ships.

At Racquet Club

Mrs. Robert C. Fox of Redlands, her attractive daughter, Mrs. Haviland Smith, and Mr. and Mrs. Harold Harris are among Redlanders who are spending the week at the Racquet Club.

Desert Art Center

Last formal opening of the Desert Art Center this season was held Monday night April 2, when the "Members' Show" went on exhibition at the gallery in Cathedral for the month of April. The scheduled pot-luck patio dinner was moved to the

hall of the St. Louis church when it was discovered in time that the 90 or more members coming were too many for the small back garden at the Center. The hall was decorated with flaming bougainvillea sprays and petunias mixed with purple lantanas procured by the decorating committee headed by Mrs. Charles McLennan and Miriam Williamson. Mrs. James K. Wolseth, chairman of the retiring board was at the microphone as presiding officer. The sweepstake prize winners from the Palm Springs Women's Club were introduced. Alberta Babcock for her painting and Georgia Caldwell Freeman for her flower arrangement. The dinner marked an historic occasion for the time has at last come to

bring about their hoped for dream of creating a cultural winter center in this desert playground area. Mrs. Georgie Somers chief judge of the voting booth announced the choice of the members for the new board of directors as being Hubert Blackburn of Hollywood; Frank Bogert, Thunderbird; Virginia Coleville, Leslie Kelley, Cathedral City; John Luccarelli, Smoke Tree; Evelyn Pell, Zaddie Bunker, Palm Springs; Frank Schilling, Los Angeles; Alex Staples, Indio; Beth Stebbins, Palm Desert; Sophie B. Sturdevant, Desert Hot Springs; C. Henry Taylor, San Fernando Valley; Mary Wolseth, Cathedral. The new directors will meet Monday, April 9, 7:30 p.m. to elect officers.

State to Open Bids
on Freeway Route
Near Whitewater

Bids for construction of four miles of express highway between Palm Springs Junction and a point 1.2 miles east of Whitewater on Highways 60-70-99 will be opened May 3 in Los Angeles, it was announced this week.

Included will be a new stretch of highway and bridge eliminating a present difficult set of turns near the Whitewater River and channelized intersections allowing access of motorists to the town of Whitewater.

THE CONSTRUCTION will utilize the existing two-lane roadway for much of the route. To it will be added another two-lane portion paralleling the old road. A freeway agreement covering the project has been signed by the Riverside County Board of Supervisors and State officials.

HIGHWAY CONTRACTS were awarded Monday for another stretch of work on 99-60-70 by the state department of public works in Los Angeles.

John J. Swigart Co., Torrance, which submitted a bid of \$349,980, will grade and surface 9.3 miles of Highways 60 and 99 between Indio and Avenue 92.

The contract is believed to call for construction of a four-lane divided highway as far south as the junction of Highway 99 and 111.

He will set up his easel and do fast portraits of passersby as a souvenir of the Circus climax. During his stay here Lindsley has sketched portraits of many prominent Villagers.

Fourteen 'Chute to Safety from B-29 in Desert Area

Fourteen crewmen of a B-29 Superfortress parachuted to safety Tuesday as their giant craft, from March Air Force Base, crashed 15 miles from Desert Center.

Two of the men were hospitalized at the MAFB hospital and several others had minor injuries.

Part of a three-ship formation, the huge plane commanded by Capt. Max Thaele of Riverside had left March AFB on a routine training flight when its number one engine caught fire shortly

after noon and the crew was ordered to jump. The B-29 was an element of the 19th Bomb Squadron, 22nd Bomb Wing.

Units of the Fourth Air Rescue Squadron which flew over the area said the men had spelled out with their parachutes and strips of cloth the words "men injured" on the Colorado Desert sands. Medical supplies then were dropped.

Most seriously injured was T/Sgt. W. J. Ronsavage of Hudson, Pa., central fire control crewman, who had a possible crushed vertebra.

Purchase of Bell Property for Art Center Discussed

The house and 10 acres on the Bell Ranch, highway 99, near the end of Ramon road has been offered to the Desert Art Center as a club and teaching center by Thomas E. Ferguson recently of Portland, Oregon, who recently purchased the property.

Costing over \$85,000 10 years ago, the large rambling adobe house, swimming pool and outlying quarters was visited by Zaddie Bunker, Mary Wolseth, Sophie Sturdevant, L. C. Lewis and Miriam Williamson last Tuesday.

This property is for sale at a very low price and Ferguson offered to donate \$10,000 on the purchase price if it is bought by the Art Center. He will also take a very low down payment

which was another inducement plus the income from a small grove of orange trees. The ways and means committee chairman, Zaddie Bunker, said she would discuss the offer with the board next Monday when her committee present its facts and figures on the purchase of the Marsden Foundation, Cree Ranch. It is up to the new directors, she said to decide upon some center for expanding the Art Center activities to include teaching, studios and hobby work shops.

Victor C. Stumpf Dies in Hospital at Long Beach

Last rites were said in Banning Wednesday for Victor Conrad Stumpf, Jr., who died Monday at Long Beach Veterans hospital after a long illness at the age of 32. Death was attributed to a brain tumor.

Mr. Stumpf was born in Los Angeles on July 8, 1918, and until the past year, had resided in Banning. He then moved to Palm Springs where he bought into the pharmacy business. He made his home here at 1034 El Alameda.

He attended Banning High School and Loyola High School in Los Angeles and graduated from the University of San Francisco. He served with the Air Force for five years and was discharged with the rank of major.

Surviving are his wife, Betty, three children, Roger, Rocky and Greggie, all of the Palm Springs address; his parents, Mr. and Mrs. V. C. Stumpf, his aunt, Miss Carrie Cahill, and a cousin, Miss Gertrude deForge, all of Banning.

Rosary was recited at Wiefel's and Son Mortuary in Banning Tuesday night at 8 p.m. and Requiem Mass was said Wednesday at 9 a.m. at the Church of the Precious Blood and burial was in Sunnyvale Cemetery.

ited Mrs. Mildred Jackson, 155 Prescott drive, last week.

The aviation ground crew member, a long time friend of Mrs. Jackson, returned on the first ship to enter San Francisco several weeks ago with rotated veterans.

Durkin plans to marry Miss Sharon Fitzpatrick at Lake Arrowhead April 15.

Jail Term Echo to Job Insurance Fraud Charges

Willie D. Strange, 26, of Palm Springs, was convicted by Judge Pawley, Indio justice court, on two counts of obtaining unemployment insurance payments without reporting that he was working during those weeks. Strange was sentenced to 90 days in the county jail by Judge Pawley who suspended one day of the sentence. Strange obtained \$133 over a period of seven weeks from the Department of Employment while working for several Palm Springs employers. The complaint was signed by John S. Gilmour, special agent for the department.

Judge Pawley, in passing sentence, commented that there was

entirely too much chiseling being done against the unemployment insurance fund and he was going to be severe with any violators brought before him.

Kenneth Bonham, manager of the Indio office of the department of employment, said that any person drawing unemployment insurance benefits must report whether or not they are working when they claim a benefit check; or any other fact that might effect their claim. Bonham pointed out that that law makes it a misdemeanor "wilfully to make a false statement or representation or knowingly fail to disclose a material fact to obtain . . . any benefit or payment under this act, whether for the maker or any other person." Any person, he continued, who is uncertain as to any work done in any week for which he is claiming a benefit should discuss the problem with one of the people in the Indio office.

FBI School for All Local Police Units Open Soon

Plans for the fifth annual FBI school to start here Monday, April 16, for the police department and its auxiliary units have been completed, Chief August G. Keitmann said yesterday.

The course, which will run for two weeks, was worked out with the co-operation of John F. Malone, special agent in charge of the FBI in the San Diego area. It is designed to assist the Reserves and Mounted Police as well as the experienced

regular officers, Chief Keitmann said.

SUBJECTS will include public relations, interrogation and investigation, discovery and preservation of evidence, physical searches, mechanics of arrest, burglary investigation, report writing, patrol and observation and testimony. Several training films will be shown during the course.

Agent Malone will open the school personally after which two of his staff will conduct the classes.

"THE CONTINUED instruction provided each year by the FBI has been of great assistance to us," Chief Keitmann commented. "In a small department it is very difficult to carry on a constant 'in-service' training program and this yearly program is a great help to us. With

He carries a line of watches, diamonds and jewelry in addition to accepting watch repair work.
